**PRESIDENT'S FOREWORD**

Everything about us, the new automobile, the appliances, our clothing, our country's weapons; all these are products of our ever changing, constantly progressing world. The creative discipline of the arts and crafts cannot but mirror this tempo of life. The 41st Area Annual represents many media and approaches to art. There is something here for everyone — for those who wish to recall past experiences and pleasures and for those looking for discovery or exploration of new modes of expression.

That the 41st Area Annual is a varied exhibition is the direct result of an entirely new system of judication used here for the first time. Each of three jurors made his selections entirely independent of his fellows so that there could be no undue emphasis on any one direction in art. By referring to the markers placed with each work, you will be able to ascertain where there was a meeting of the minds. In the prize awards you will find the results of a very careful agreement among three most competent and conscientious jurors, who gave their valued time without compensation.

We must here emphasize the debt of gratitude the Federation owes to its member clubs and the hard working individuals who have helped with the entries, catalogued, served as secretaries, arranged the various functions and who have proved helpful in so many difficult and exacting tasks; to the Director of The Toledo Museum of Art, Mr. Otto Wittmann, to Mr. Rudolf Riefstahl and the entire Museum Staff; and to our many friends and patrons.

To the artists we can say only "well done." Yet do not rest on your laurels, but rather continue to pursue your art with increased vigor, perception and dedication.

Robert W. Newman, President  
Toledo Federation of Art Societies
